## DEDICATION

*You left us with a warm smile to help us along the way  
You left us some kind thoughts. Thoughts that will never stray  
You left us, we're saddened. We've lost a damn good friend  
But we're a little happier knowing you're some place where life  
never ends.*

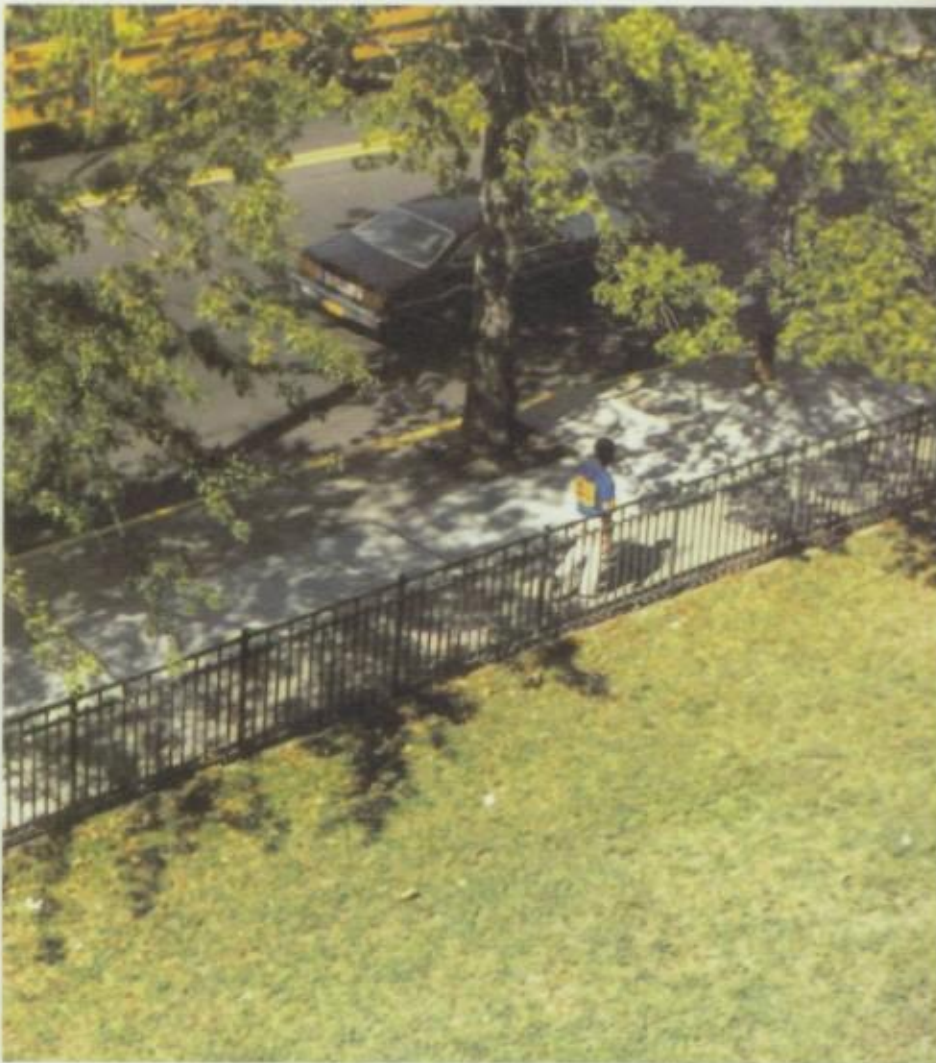

*Just as we all are born, one day we must depart  
But you departed oh so soon. Now . . . There is a huge void  
in our hearts.*

*For us, there is no consolation  
But we hold our heads high as we make this sincere  
DEDICATION.*

*We add a few words that will always be true  
Bernard, we miss you oh, so much and we'll never  
forget . . . You.*

# CLASS OF 1983

August H. Martin  
1919-1968

It is not enough to build a foundation. It is necessary to enrich this foundation with love and wisdom. Only then will you have a truly GREAT FOUNDATION.

August Martin High School which was established in 1971 is enriched with love, but most importantly, it is enriched with wisdom. Wisdom that is bestowed upon each and every student.

August Martin High School was named after an airplane pilot, August Martin. He was a man who cared about others. Captain Martin was killed during a mercy mission to Africa. He was killed trying to help others. August Martin was an ambitious, and caring person with a lot of incentive. He truly exemplifies the spirit of August Martin High School.

We stand proud knowing that our school honors such a great man, but we stand even more proud knowing that AUGUST MARTIN HIGH SCHOOL is truly a GREAT FOUNDATION.

By

*I'm Glad But . . . I'm Sad*

*I'm glad but I'm sad. It's so hard to explain,  
It's similar to wanting sun but yet wanting rain.  
I'm glad for I've made it, I'm now on my way.  
I'm sad for those friendly faces I will not see  
day by day.  
I'm glad for I have new worlds to conquer, a somewhat  
brand new life to face.  
I'm sad because outside of August Martin I feel so  
out of place.  
I'm glad for the friendships made that will never die.  
I'm sad for it's hard, oh so hard to say, "Goodbye."  
Goodbye to the good times, the memories through the years.  
I'm glad but I'm sad . . .  
I smile, but yet . . . my eyes are filled with tears.*

# IN MEMORIAL

For almost twelve years he guided the school safely through many crisis. There were the difficulties of opening a new school with a new program and none of the new facilities and equipment that the program required, overcoming the negative image of the old school, surviving the turmoil of the renovation and modernization construction, and the huge budget cuts beginning in 1975. The achievements are too numerous to detail, but among the most significant were maintaining one of the highest attendance rates in the city, sending close to 90 percent of our graduates on to colleges and other advanced training, and creating programs that have been models for schools throughout the city and around the country including an aviation theme magnet school, the Career Bridges program, the A.M.I.S.T., and the communications center. The overwhelming success of August Martin High School has been due in large part to a leadership by Dr. Costello based on the twin pillars of a commitment to providing a challenging program for the students and an openness to change in a school that has remained innovative from its inception to the present. We are deeply saddened by the passing of Dr. Lawrence Costello. He will be missed. I know that all of us — students, parents, faculty and staff will continue to cooperate in an effort to maintain August Martin High School's position of preeminence in secondary education.

## Dr. L. Costello Principal

To the Class of 1983

I wish to extend my heartiest congratulations to the members of the class of 1983 on the occasion of their graduation from August Martin High School. Considering the growing complexity of our industrial society and the demands that career preparation make for new skills and knowledge, your high school education is but a prelude to the need for further education. The growing use of computers and increased emphasis on electronic devices has added a new dimension to the world of work. Moreover, there is an increasing need for understanding scientific principles and social change as well as the refinement of mathematical and communications skills. Hence, it is not surprising that more than 90% of the graduating class will be seeking some form of post secondary education.

In preparation for your day of graduation, August Martin High School has presented its students with a demanding educational program. In your 9th and 10th grades, you carried a very challenging program of academic studies. In the 11th and 12th grades, most of the graduates either continued this pattern or branched out into courses in the areas of business and career education. You were held up to standards and through the school's independent study program, you were provided with the means of improving your work in those subject areas in which you had deficiencies. Many graduates have gained career work experiences through the Career Bridges and the school's Co-operative Education Programs. Students also have profited from such special programs as Flying Instruction, Communications, Data Processing and Pre-Law as well as the Institute of Science and Technology.

Your class theme, "Tomorrow is a dream that leads us onward" is most appropriate. Dreams or goals are absolutely necessary for success. As the American poet and naturalist, Henry David Thoreau, has written, "If one advances confidently in the direction of their dream and endeavors to live the life which they have imagined, they will meet with success unexpected in common hours."

Finally, I wish you the best of luck in all of your undertakings. Once again, our warmest congratulations.

Sincerely,

Lawrence Costello  
Principal

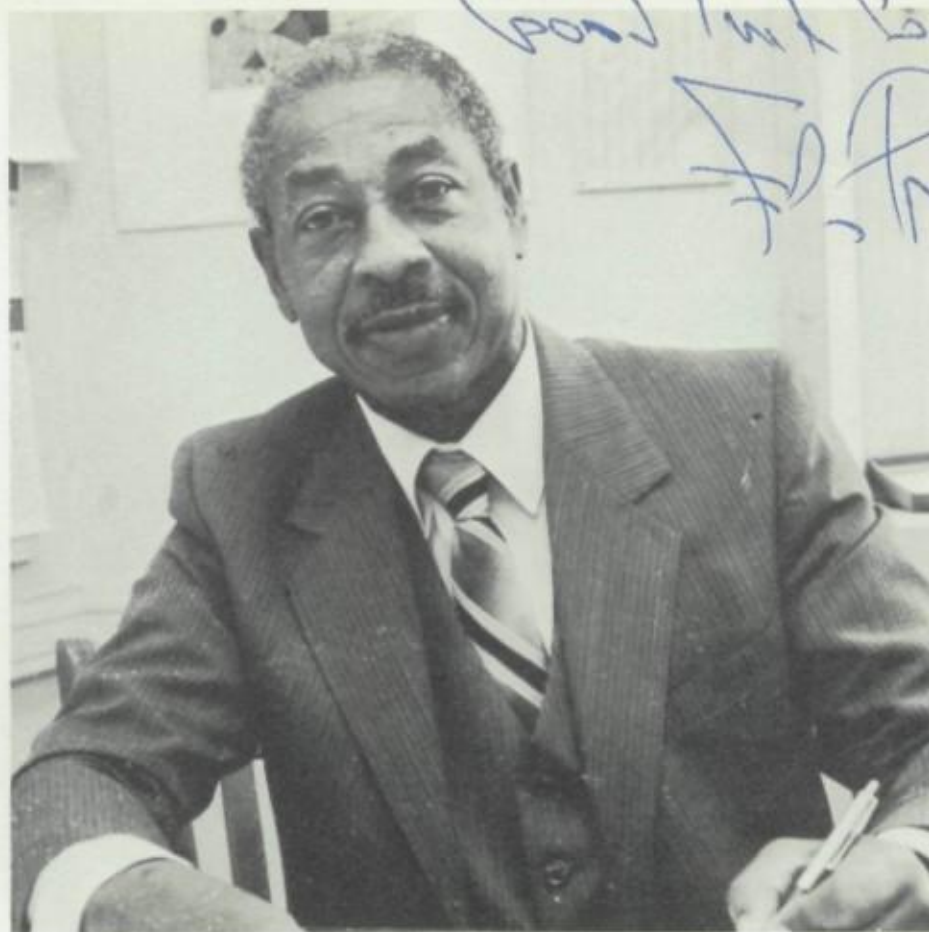

Dear Graduates,

Your graduation is an important milestone. It signifies that you have completed an important part of your preparation for life. You are now ready for the next stage of work or study for a lifetime career.

As you can look back at your high school years, ask yourself, "Did you do as well as you could have?" If you did, then keep that attitude as you begin the more challenging tasks that await you. If you did just enough to get by, then remember you are wasting the most precious possessions you will ever own — your natural talent and ability.

I congratulate you on what you have achieved and I urge you to be as good as you can be. Never settle for less. Good Luck.

Arthur Kesselman  
Assistant Principal

Dear Graduates,

Graduation is a time to reflect on the past and make plans for the future. As you look back and sought out your victories and defeats and search for ways to say good-bye to friends and acquaintances, remember that you were successful because you never stopped believing in yourselves.

You have come a long way but you still have a long way to go to realize the goals that you have set for yourself.

If you continue to seek knowledge in the future with the same determination as you have in the past you will be prepared to get your share of the great American dream.

Although the number of available scholarships continue to decrease and the cost of tuition continues to increase you must not be deterred from pursuing some kind of post secondary education.

Always be as proud of yourselves as you are today for your accomplishments.

Always remain at peace with yourselves.

May you be blessed with an abundance of good health. Congratulations.

FRANK G. PRICE  
Assistant Principal  
Administration

Dear Graduates,

Best wishes to the graduating class of 1983. In your years at August Martin H.S., most of you have grown enormously. This Growth has been scholastically, physically, emotionally and socially. Your growth will enable you to function properly in the business world. It has been a pleasure being associated with all of you these last few years. I cherish the memory of watching you grow.

Most of you will be attending a college or university. Your educational training will stand you in good stead following your graduation. It will determine how successful you will be in the career that you choose. It will also determine the standard of living for yourself and your family. Be dedicated in all you set out to do and you will succeed.

Sandra D. Nosworthy  
Senior Class Adviser

I have enjoyed working with this graduating class. It is always a wonderful privilege to talk to the graduating students, especially in a publication that students will cherish for many years. I know that we will see each other in years to come. I hope that when you think of August Martin, you will think of a school that tried and succeeded to give you an education that will help you to face the problems of this ever changing world. With your high school diploma, the doors of opportunity will be opened for you. Take advantage of these opportunities, welcome future challenges at college, at work or in the military and consider this stage in your career as the first step on an educational journey. I wish you peace, happiness and success in your continuing voyage. My sincerest congratulations.

Joan M. Gordon  
College Advisor

Dear Graduates:

You will always remember today. It is one of the most important days of your life.

You are a high school graduate with a well deserved diploma. This diploma will help open doors towards college, a career or another way of life. Whatever your choice, strive to achieve the highest goals! The quality of life in your home, community, country and the world depends on each and every one of you. YOU ARE THE FUTURE. Always keep others in mind when making choices; remember, we are responsible for each other.

Share your joy of living, strength, wisdom and creativity with others.

It has been a pleasure working with you. I wish you good health, satisfaction, joy and success.

Warmly,

Sarah S. Putterman

To my friends, the class of '83

More I cannot wish you than that your life be filled with success. And perhaps Edgar A. Guest's poem, "It couldn't be done" is the best word of advice I can give you for reaching this halcyon height:

Somebody said that it couldn't be done,

But he with a chuckle replied

That "maybe it couldn't," but he would be one

Who wouldn't say so till he'd tried.

So he buckled right in with the trace of a grin

On his face. If he worried he hid it.

He started to sing as he tackled the thing

That couldn't be done, and he did it.

And I believe you can too. Best of luck!

Sincerely,

*Judy Margolis*

Judy Margolis

Well fellow students, this is it!!! Now is the time to look through these simple pages and remember our past years in August Martin before reality sets in and we have to think about our future.

These years haven't been easy. There have been the teachers who have always threatened to fail you. Some did, some didn't. There's been the kind security guards who were forever telling you "Alright get out of the halls and go to where you belong." There's been those special friends you've made and won't forget. Of course we can't forget those tasty lunches that had all the students compliments ("I've never tasted anything like it before").

Enough of the memories. I would like to thank those who made this and all the previous years the best ever. But I want to especially thank the senior class for making this year what it was.

Tracey Y. Hargrove  
Editor-in-Chief

First of all congratulations! We have all made it through August Martin. It is the time we have been waiting for. Many of us will feel strange, others relief. But we will all feel jubilation when receiving our diplomas.

Now as enterprising young women and men we must look towards tomorrow with firm unshaken spirits and resolute minds on what we are going to do with our lives.

With the troubles facing our generation, we must seek solutions to them rather than be part of them. August Martin has prepared us for this in every way possible.

Again, I would like to say "Congratulations"! I am extremely proud to be part of the class of '83. For I know that there will never be a class quite like this ever again.

Sincerely yours,  
Nelson T. Zimbrano  
Assistant-Editor-in-Chief

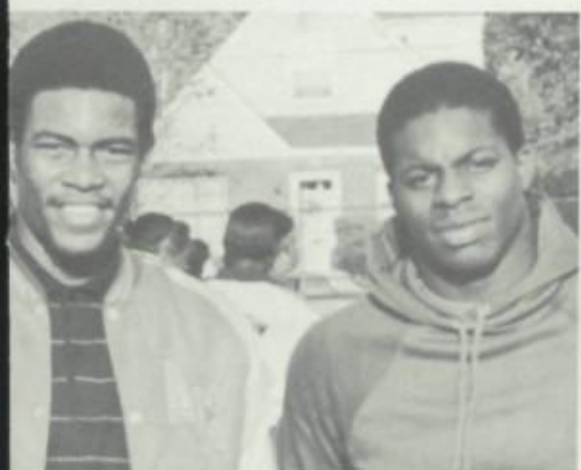

Just yesterday,  
    we found ourselves in  
a sea of strange faces.  
Today,  
    as we pass thru these  
same halls  
    at any given time of day,  
We are met with smiles,  
    reflecting the friendships that  
    have grown over the years  
Some will last, others won't, yet  
    they will all be remembered  
    for years to come  
You give but little when you  
give of your possessions.  
It is when you give of yourself  
that you truly give.

*We Are the Future*

We are the future  
We grow like a seed.  
Today we must follow  
Tomorrow we'll lead.  
We represent the future  
Others may not agree.  
Leading our own Destiny.  
Nothing will stop our future.  
If we practice now today.  
We must live our future now  
Or like dreams, it will fade away.  
Our future must become a reality  
We must keep that in mind.  
Hold onto the future, grasp it now  
It's something if lost we'll never find.  
We are the future, that thought we must learn.  
Soon our time will come, but today we wait our turn.  
We Are the Future today.

## *I'M SOMEBODY*

*Looking at me  
All high and mighty  
Won't change my mind  
'Cause I'm somebody.  
I may not have a cent to my name  
And my folks may not have a dime  
But I feel good about myself  
All of the time.  
Looking at me  
All high and mighty  
Won't change my mind  
'Cause I'm somebody.  
I don't need a lift  
So, don't offer me any dope.  
I'm gonna make it in life.  
You know why? 'Cause I got hope.  
Looking at me  
All high and mighty  
Won't change my mind  
'Cause I'm somebody.  
If you give up an inch  
I'm gonna take a mile  
And walk away with everything  
Wearing a great big smile.  
Looking at me  
All high and mighty  
Won't change my mind  
'Cause I'm somebody.*

## TOMORROW'S DREAM

Last night I had a dream my friend  
It was a Beauteous treat  
A world with all the bad things gone  
A world I'd love to greet

A world completely free of want  
No hunger, wars, disease  
No hatred of our fellow man  
That was a dream indeed

No poisoned air to fill our lungs  
No life a wasted mass  
No deserts in this great big globe  
Freedom for all at last

And though I know it wasn't real  
It's a dream that hope springs from  
We can really make it happen  
Make that tomorrow come.

## THE RACE

You have a race to run my child  
it's long and hard 'tis true  
but you can stay the course that's set  
and you will see it through

You have a race to run my love  
though tired you'll sometimes be  
you'll learn to lean upon a friend  
gain strength from one, like me

You have a race to run my dear  
you've started on this day  
to take this step, a giant one  
God speed you on your way

You've studied long, you've studied hard  
and yet you've just begun  
to find that Golden Rainbow  
you have a race to run.

## Thought

Thoughts are ideas.  
And sometimes they are notions,  
Springing up from senses and emotions.  
Deep in the darkness of the mind,  
Thought makes decisions, helps us find.  
Our way through all of it means to live,  
To learn, to love, create, and forgive.  
In this, humans are distinct:  
The only creature who can think.

## “We’re Gonna Make It”

Sometimes the way seems tough, learning and surviving is just not enough.

But we’ll try to take it . . .

Because “we’re gonna make it.”

Somedays the road might seem long and they’ll be days when everything goes wrong.

But we’ll have to take it . . .

If “we’re gonna make it.”

Because life is hard and there’s no easy way by and we’ll never have anything if we don’t attempt to try.

But we’re gonna try and if we fail we’ll try again . . .

Because we’re “MARTINITES” and we’re gonna “WIN.”

## SIGN OUT

# Our Final Farewell

Alford, B. Clarissa — "He that loses wealth loses much; but he that loses courage loses all."

Allen, Clinton — "The goal of one man is the reality of another."

Archer, S. Saadia — "Good luck!!"

Boddie, S. Doreen — "I feel if everyone believes we all will succeed."

Boyd, Sheldon — "Thank God, I endured 4 yrs. of tedious labor!"

Blackman, L. Cherryll — "Remember we are the future, make your life a success and good luck!"

Coleman, L. Brenda — "Remember girls, we should never run for a train, bus, or man 'cause there's always another one coming. Good luck and take it easy."

Baliem, V. Phylliser — "I have enjoyed my years in August Martin and my friends and future friends."

Adefope, O. John — "Maintain"

DeVore, K. Derrick — "Do something in life that you like to do, not just something that pays money."

Garnes, A. Troy — "Knowledge is the key to opening all doors beyond your grasp."

Gilliard, D. Robert — "Don't just let success be a word; make it a goal. Go for it!"

Gobourne, C. Julian — "Keep on striving, until you've reached your goal."

Gray, L. Barbara — "Through determination, perseverance and the help of my parents, I've made graduation a reality."

Hardy, Y. Tracey — "To all my fellow graduates good luck in the future, and may you succeed in your goals."

Harris, C. Brian — "Intelligence plays a large role in success, but one must be able to live with others to truly succeed."

Heath, A. Cheryl — "The major key to your better future is you. Strive for the very best."

Hicks, M. Helen — "Without a strong push from the people I love the most I could not have made it; I love you Mom and Dad."

Hitchener, V. Valerie — "The moment may be temporary, but the memory is forever."

Hubbard, M. Lesia — "Success comes only to those who try hard. Education is the key to the future life."

Huggins, C. Kenneth — "A friend with weed is a friend indeed."

Levons, E. Selvin — "To strive is to achieve! So to all, do your best and achieve your hearts desire!"

Liverpool, M. Corbett — "It's finally over!"

Martin, M. Marilyn — "If you want it, go for it! It isn't gonna come to you!"

Neal, A. Patricia — "Thank God it's over!!"

# FUTURE

## TEN YEARS FROM NOW

BY BRENDA M. WILKINSON

Ten years from now I will have obtained a Bachelor's Degree in Computer Science and possibly a Master's Degree in Business Administration. I hope to be working at a high-paying job with prospects for advancement.

I also plan to be married ten years from now and living comfortably in my own house. I would like to do some traveling before settling down to my ultimate goal of raising a family.

Ten years from now I may also be attending a reunion of the August Martin Class of 1983 to see what everyone else has been doing.

## TEN YEARS FROM NOW

BY ROGER REYNOLDS

In September 1983, I will be attending The City University of New York. I plan to attend the university for two years and then transfer to State University at Stony Brook where I plan to continue my studies. In the next ten years, I hope to be practicing medicine. If I'm lucky, I'll still be a bachelor.

## TEN YEARS FROM NOW

BY VALLIE SANCHEZ

After attending business school, I plan to be working as an executive secretary in one of the largest business firms in New York City.

I hope that helping me along the way will be my husband and young child. We will enjoy our free time together visiting the country and expanding our lives in our homes.

## TEN YEARS FROM NOW

BY MARK SANDERS

Ten years from now I plan to be a successful engineer. I also plan to be an officer in the United States Air Force.

I'd like to take a trip to Japan and perhaps learn the language. Family wise, I wish to be married and have at least two adorable children.

# AMBITIONS

## TEN YEARS FROM NOW

BY CYNTHIA R. SPRIGGS

One of my many goals in life is to pursue a military career. On August 2, 1983, I will enlist into the United States Army.

Many of my fellow peers believe that I am following the wrong path, but I intend to prove them incorrect. I am a person with an intensely positive attitude. I have the knowledge, so therefore, I possess the power to show and prove that I'll be a success. With this strong belief in success and using the tools of praise, discipline, and hard work, I will translate this belief into tangible results.

In the Army, I will pursue a career in the field of electronics. In 1993, (1) I will be one of the top ranking female officers in the United States Army and (2) I will have satisfied one of my many goals in life.

## TEN YEARS FROM NOW

BY ROGELIO MITCHELL

Ten years from now I intend to be a union organizer. I would have completed my studies in labor law. During my college years I would like to play football. I choose this particular field of studies because my father is a union organizer. There are many promising aspects to this career.

## TEN YEARS FROM NOW

BY DONNA MARRIOTT

Ten years from now I plan to be a successful Certified Public Accountant. My life's ambition is to be an executive in a major accounting firm. Being happily married would also be a dream come true.

## TEN YEARS FROM NOW

BY HECTOR BAEZ

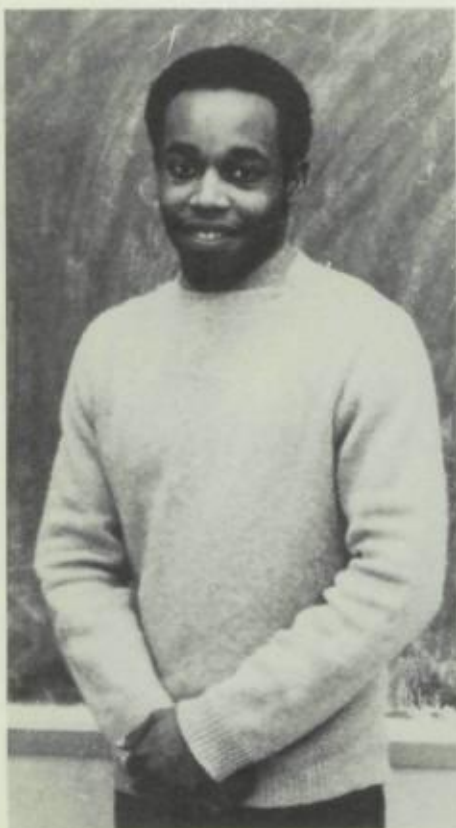

In the future I would like to be involved in a field of life which requires a person to create and express his views on what happens in his world.

Ten years from now I will probably be thinking of how it was ten years ago.

Dear fellow graduates:

Our time draweth nigh; but yet we still must remember that this is only the beginning and "the best is yet to come."

First of all, I would like to say congratulations to all. I wish you all the best of luck in the future. I personally feel that August Martin has given us a good foundation upon which I hope that we are ambitious enough to build.

I also hope that you would enjoy this yearbook because it was a lot of hard work and time consuming. Thank God, with the help of many we, the staff, were able to achieve what I call one of August Martin's best.

Please enjoy it because it was done for you. It took a whole lot of dedicated people to make this yearbook what it is; and remember these dedicated people came from your senior class of 1983.

Again, I wish you lots of luck.

Enjoy It.

## Goodbye

By Jennifer Barno

We're leaving now, all the goodtimes  
and even the bad times.

We're going to move on and use some of  
the experiences at August Martin as stepping stones.

We all paid our dues, now we're going to enter  
another act in the play of life.

We're going to struggle to survive (in these times of Reganomics)  
because survival is what it's all about.

But we will always remember August Martin whether it be  
the food fights, the fights in the hallways, the boyfriends  
we had, the girlfriends, the teachers that we appreciated,  
even the teachers that we gave a hard time, the cheers  
of the cheerleaders, our school teams, and the people that made  
our four years memorable.

## No One Knows

No one knows what the future holds.  
Don't be foolish and be left out in the cold.  
Try to be successful and independent  
as much as you can.  
Without independence, you are no  
kind of a man.  
No one can foresee  
What you are to be,  
How high or low you'll get.  
It just stays on your mind and then you  
fret.  
No one knows how well it will be.  
Time will tell and then we'll see.

Orvia Williams

## Dreams of Tomorrow

Dreams of tomorrow  
Dreams of joy happiness and sorrow  
Dreams of success,  
Dreams of the best  
Tomorrow is a dream  
For all it seems.  
Just open your eyes,  
And you'll realize  
That tomorrow holds your future.  
Tomorrow is a dream that I shall follow.  
Tomorrow is a dream that is very deep  
dark and shallow.  
Tomorrow is a dream that will come  
true.  
Tomorrow is a dream that leads me  
onward.

"D--n, I'm hungry."

"I'm so tired."

"Don't! I'll break the camera."

"I'm just chillin' out."

Yum, Yum Tastes good

"D--n, it won't open."

"Look! It's over there."

"Not now Demetha!"

"Yeah, I'm bad."

We, the members of the 1983 graduating class would like to take this opportunity to honor Mr. Charles White.

Mr. White is the cornerstone of the foundation of August Martin H.S. He has worn many hats during his time here. He has been a teacher first and foremost, but he has also served as the boy's dean and Coordinator of Student Affairs (C.O.S.A.). In his role as C.O.S.A., Mr. White created and expanded many of the student activities. He gives unselfishly of himself, devoting much of his time to various after school activities.

Mr. White is a proponent of Education. He often speaks of education as being one of the keys to a successful and enriching life. Mr. White spent this year on a sabbatical for educational purposes. Although he was not in the building physically this year, his presence was still felt. Thank you Mr. White, for making our four years at August Martin H.S. a beneficial experience.

# TO SUM IT ALL UP

This has been a typical year for the Martinites. For the Seniors, however, somehow this last year in school was a little more special.

The school year began with the anticipation of who would be the homecoming queen candidates. Soon our curiosity was filled when the football team made their selections. They were: Maria Urena, Yvette Turner, Trecia Davis, Lalon Trotman, Diane Dickerson, and Adrienne Lunford. When the selections were completed, Lalon Trotman a.k.a. Dinky came out on top of things thus becoming Homecoming Queen, 1983.

Soon another major event surfaced. This, of course was the selection of our senior council officers. After the ballots were tallied, the selections were: Derrick Joseph — President, DeMetha Hukins — Vice President, and Kecia Duhart and Stacey Wallace were the elected secretaries. These officers have done a terrific job and have played a huge role in making our senior year a success. After many arguments and long discussions during senior council meetings, it was decided that we would go to the Olympic Ranch and Ski Resort for our Senior Weekend. It was also decided that Antun's would be the scene for our prom.

The year progressed at its usual pace. Taking senior pictures, purchasing rings and paying senior dues was the order of most of our days. Spirits were riding high with thoughts of graduation.

However, our spirits were dampened quite a bit because of the death of our principal, Dr. Lawrence Costello.

Dr. Costello passed away on January 17, 1983. His concepts and his extreme concern for our school will never be forgotten. The many programs that he initiated and his constant pleas for school pride will always be remembered in the years to come. Therefore, Dr. Costello will never die.

As the 11th generation moves on just as previous generations have, we will always have the pleasure of looking back. Whenever we choose to look back we will always smile because our years in August Martin High School have been exceptional ones.

Good luck and good-bye . . .

MEMORIES: A Girl's Point of View  
(Ten Years From Now)

Open the closet door.  
A strange unknown object falls from the top shelf.  
It's marked August Martin High School.  
Upon opening it, you find the face of a familiar person.  
Could it be?  
Yes it's a picture of you.  
You were 18 years old then, and ten pounds thinner.

It all comes back now.  
You can remember the halls.  
A group of girls in one corner  
Talking about the cute boys in the other corner  
Remember spending all that time in the girl's room  
Trying to get your hair just so?

Oh, and look, in the back of the closet!  
Isn't that the dress you wore to the prom?  
You hold it next to you.  
Boy, the old figure ain't what it used to be!

From the back of your yearbook,  
Snapshots scatter to the ground.  
You kneel to pick them up.  
The graduation!  
Faces, so many faces!  
They all seem to be saying the same thing.  
"Good-bye August Martin."  
At least we have good memories."

A somber tear rolls down your face as you remember,  
The hugging, kissing, and crying that day.  
You wipe the tear off the photograph  
And put it between the pages.  
Oh, how you wish those days would come back again.  
Close the door.
